PeopleSoft

Leverage a certified PeopleSoft Innovator Partner for end-to-end PeopleSoft application services including:

- **PeopleSoft Operations & Maintenance** for continued support, performance improvement, and security
- **PeopleSoft Modernization** to maximize your PeopleSoft investment through new module implementation and keeping your existing application current and effective with the latest features and best practices
- **PeopleSoft to Cloud Migration** for both application and infrastructure to seamlessly migrate with expert transition services and Metric Elire's PeopleSoft to Cloud Accelerator toolkit

DevSecOps

Integrate robust security protocols seamlessly into the development lifecycle with our DevSecOps services. Metric Elire meticulously embeds security measures from the onset of project development to mitigate risks and reduce the cost and complexity associated with addressing security issues post-deployment. Federal agencies are equipped to foster a culture of continuous integration and delivery with our cutting-edge methodologies and tools.

Enterprise Technology and Modernization Services

Revitalize your enterprise technology with our Modernization Services. We offer comprehensive solutions to upgrade, integrate, and optimize your systems, enhancing functionality, security, and efficiency to keep your IT applications at the forefront of innovation. Metric Elire is committed to delivering excellent maintenance and ongoing support to ensure continuous improvement, reduce operational risk, and improve stability before, during, or after your project is complete.
